

CONDITIONS OF PURCHASE

Issue n°4 - 15th of June 2024

ARTICLE 1 - DEFINITIONS

Purchaser: ArianeGroup SAS.

Goods Entrusted: machinery, tooling, raw materials, components, equipment or any other asset or item of property made available to the Supplier by the Purchaser or designed and/or manufactured by the Supplier for the requirements of the Order Form.

Order Form: document issued by the Purchaser and sent to the Supplier, including in particular the description of the Works ordered, the time periods, price and reference to the Specific Conditions and to these Conditions of Purchase.

Conditions of Purchase: these Conditions of Purchase.

Specific Conditions: the specific conditions specified in the Order Form by the Purchaser, of any nature whatsoever (technical, quality, commercial, administrative etc.).

Derogation: written authorization from the Purchaser to use or deliver Works which depart from the requirements specified (technical specifications, technical conditions for executing the Order Form, etc.).

Supplier: the company designated on the Order Form.

Importer: the legal entity designated as such on the customs declarations for import into the European Union, namely, in all circumstances and unless otherwise provided, the company ArianeGroup SAS.

Information: means information or data regardless of the subject matter, nature, supporting medium or transmission disclosed by the Purchaser or obtained and/or developed by the Supplier directly or indirectly for the needs of the Works.

Industrial Equipment: any machinery, facility, apparatus or equipment serving for the study, manufacture, testing or inspection of products designed and manufactured by the Purchaser.

Party or Parties: collective or individual designation of the Purchaser and the Supplier.

RDE: registered customs representative as defined in Article 18 of the Customs Code of the Union.

Result: means but is not limited to the results of works, information, knowledge, inventions, know-how, software, sets of drawings, drawings, technical documents, models, mock-ups, prototypes, processes, whatever the nature and/or medium, protectable or not by intellectual property right or title generated during the execution of the Works by the Supplier.

Official Services: the national supervisory entities.

Works: all the services to be performed by the Supplier and/or the supplies to be delivered by the Supplier to the Buyer in accordance with the provisions of the Purchase Order, including, where applicable, on the Entrusted Goods.

ARTICLE 2 - CONDITIONS FOR COMPLETION OF THE WORK

The Supplier is bound by an obligation to inform and provide the Purchaser with reinforced advice and support. The Works shall be executed in accordance with the documents and data referenced in the Order Form and in accordance with current regulations and applicable standards. The Supplier is responsible for checking and ensuring that it has all the appropriate elements it requires (documents, data, materials, tooling, etc.) before undertaking the Works entrusted to it.

The Supplier shall also comply with the Purchaser environmental requirements as published on its website, as well as the Purchaser requirements for IT security and/or personal data protection as defined in the Order Form.

The assistance with which the Purchaser may provide the Supplier for carrying out the Works or the inspections which the Purchaser reserves the right to conduct, in particular under article 6 of the Conditions of Purchase, in no way releases the Supplier from its liability over the Works.

ARTICLE 3 - ACCEPTANCE OF ORDER FORMS

3.1 The Conditions of Purchase apply to all orders placed by the Purchaser to the extent that no conditions for departing therefrom have been or will be negotiated with the Supplier. Where conditions for derogation have been provided, these will be stated on the Order Form or in a separate written agreement signed by the Purchaser and the Supplier.

3.2 In case of contradiction between the Conditions of Purchase and the Specific Conditions, the latter shall prevail.

3.3 The Supplier may not commence any work pursuant to any Order Form(s) until the acknowledgement of receipt attached thereto has been signed by the Supplier and returned to the Purchaser's correspondent designated

on the Order Form, within a time period compatible with the delivery time provided in the Order Form and at the latest by ten (10) working days following receipt of the said Order Form. This acknowledgement of receipt is treated as amounting to acceptance of the Order Form. Should the Supplier not follow this procedure and start to carry out the Works, the Supplier shall be deemed to have accepted these Conditions of Purchase and the Specific Conditions specified in the Order Form.

3.4 All changes made after the Order Form has been accepted are subject to a written change notice.

ARTICLE 4 - SUBCONTRACTING

4.1 In the case where the Supplier is contemplating contracting out a part of the Works, it undertakes to notify the Purchaser in writing of the name and contact details of its subcontractors and their conditions of payment, at the latest before the commencement of the Works. The Purchaser reserves the right to refuse or require a change to these subcontracting arrangements.

The Supplier remains solely and entirely liable towards the Purchaser for all the Works, whether they are carried out by itself or by its suppliers and/or subcontractors. In this regard, it has sole charge of conducting all the operations and sole representation of all the firms carrying out a part of the said Order Form.

The Supplier undertakes to extend to, ensure observance of and check compliance with the requirements of the Purchaser by its own subcontractors and suppliers. In case of subcontracting, the subcontractor shall be treated as never having been bound to the Purchaser under contract. The Supplier warrants the Purchaser and undertakes to hold it harmless against any action and/or claim made against it by any of the Supplier's suppliers or subcontractors.

4.2 No companies may be employed in the context of this subcontracting unless they are recognised established companies in the field of defence, aeronautics and space and/or hold the necessary certifications.

ARTICLE 5 - INVOICING AND CONDITIONS OF PAYMENT

5.1 An invoice is raised in duplicate as soon as acceptance of the Works is declared, as defined in article 7 of the Conditions of Purchase. The invoice must relate to one single Order Form only and must in particular state the Order Form number, the item number, the precise name of the Works, currency, bank references, the numbers and dates of the delivery notes to which it refers, and all other legally required statements provided under article L441-9 of the French *Commercial Code*.

5.2 Subject to acceptance of the Works by the Purchaser, payments are made by transfer in Euro for Suppliers registered in France. For Suppliers not registered in France, payments shall be made by international bank transfer.

5.3 Payment terms shall be defined in the Order Form, it being specified that in accordance with article L. 441-6 of the French *Commercial Code*, these terms may not exceed sixty (60) days from the date of issue of the invoice.

5.4 In case of late payment, late payment charges are due and payable with effect from the next day after the date of payment shown on the invoice, without a reminder being necessary. In this case, the interest rate on the late payment charges shall be equivalent to three (3) times the legal rate of interest applying in France. Moreover, in the event of late payment, the Purchaser is also legally liable for a fixed-rate charge for recovery costs amounting to € 40.

ARTICLE 6 - ACCESS TO THE SUPPLIER'S PREMISES

Subject to the internal regulations of the Supplier and/or its subcontractors and/or suppliers, the representatives of the Purchaser, its clients and of the Official Services or the delegated officers shall have access during working hours to the premises in which the Works are being carried out, whether in the Supplier's premises or at those of its subcontractors and suppliers. This right of access is particularly granted to the representatives charged with monitoring performance of the Works, the audits, investigations or inspections necessary for the Supplier's qualification. Customers of the Purchaser shall have access during working hours to the premises in which the Works are being carried out, subject to the agreement and/or presence of representatives from the Purchaser.

ARTICLE 7 - ACCEPTANCE OF THE WORK

7.1 The Works are accepted by the Purchaser as per the provisions on the Order Form.

Unless the Purchaser notifies the Supplier of its rejection in writing, final acceptance of the Works shall be deemed to take place thirty (30) calendar days after delivery. In no case may acceptance of the Works by the Purchaser be interpreted as a waiver of or as impacting on the extent of the warranties or other commitments of the Supplier in respect of hereof or of any legal warranty.

In case of rejection of the Works, the Supplier is bound to carry out all actions (replacements, repairs, etc.), at its expense, necessary to ensure compliance of the Works with the requirements on the Order Form within time periods compatible with the needs of the Purchaser.

7.2 All non-compliant Works shall be removed by the Supplier at its cost and liability, within a maximum of ten (10) working days from the date on which it was advised of the non-compliance, failing which they will be

returned to the Supplier at its expense, risk and liability. For this purpose and in accordance with the elements referred to below, the Supplier undertakes to send all the information necessary for the re-export of the goods as soon as possible. The Supplier is bound to check if, and where this is the case, to inform the Purchaser at the earliest opportunity, any Works already delivered might be affected by the same non-compliances.

7.3 Where all or part of the Works have been rejected by its departments and/or are non-compliant, the Purchaser reserves the option of implementing the following measures in addition to the provisions of article 20.1 of the Conditions of Purchase, at its discretion:

- requiring the Supplier to replace the rejected Works within the time period state, or
- carrying out or having a third party carry out compliance work at the Supplier's cost, in the event that having been put on notice to carry out the compliance work, the Supplier has failed to take the necessary measures to carry such work out within the time period indicated, or
- accepting the Works as they stand, in consideration for a discount on the price in particular.

ARTICLE 8 - TRANSFER OF OWNERSHIP (TITLE) AND RISK AND CUSTOMS CLEARANCE

8.1 Notwithstanding any clause to the contrary contained in any document originating from the Supplier, ownership of the Works transfers on acceptance of the Works by the Purchaser.

8.2 Unless stipulated otherwise on the Order Form, the Supplier is responsible for delivering the Works "Delivery At Place" (DAP - Incoterms® 2020) at the Purchaser's premises, at the location specified in the Order Form, unloading being at the Supplier's charge and liability.

8.3 In any event, regardless of the incoterm agreed between the Parties, and by way of derogation therefrom, the Purchaser shall always act as the recipient / importer of the Works.

8.4 Regardless of the incoterm agreed between the Parties, and by way of derogation therefrom, the Purchaser's RDE shall be, in all circumstances, authorized to carry out customs clearance formalities. For this purpose, the Supplier shall contact the RDE in accordance with the instructions set out in the Purchase Order and provide the RDE with all the required documentation so that it can carry out customs clearance formalities. If the Supplier does not respect its commitments under this Article, the duties, taxes, penalties for delay, penalties and other related fees paid by the Purchaser shall be passed on or invoiced to the Supplier who undertakes to pay them within 15 days of the request for payment or the issue of the invoice.

8.5 Regardless of the cause, the Supplier is liable for any loss of or damage to the Works either up to delivery, or up to unloading of the Works as specified above.

ARTICLE 9 - TRANSPORT AND DELIVERY

9.1 All deliveries of the Work must be made to the place of delivery designated in the Order Form. On delivery, the Supplier undertakes to deliver the declaration or certificate of conformity pertaining to the Works and/or any other document specified in the Order Form, duly signed by the Supplier.

9.2 All deliveries must be accompanied by a delivery note stating:

- the Order Form number,
- the address and telephone number of the correspondent specified in the Order Form,
- the item numbers, quantities, measurements or weights delivered,
- the value of the Works delivered,
- the nature and reference numbers of the Works, in accordance with the wording on the Order Form, including accompanying documents and materials. It is specified that the Supplier undertakes, under its responsibility, to provide all documents and information relating to the Works in accordance with European and/or national customs regulations and sanctions (such as restrictive measures against a State, the EU Carbon Border Adjustment Mechanism, etc.). The Supplier guarantees the accuracy and completeness of the documents and information transmitted. The Supplier shall be liable to the Purchaser in case of communication of insufficient or erroneous documents and information. In the event of a breach by the Supplier of its obligations, all resulting costs (including duties, taxes and penalty for delays, etc.) shall be borne exclusively by the Supplier. The Supplier undertakes to pay all amounts due under this Article to the Buyer within 15 days of the request for payment or the issue of the invoice.

9.3 The Works must be shipped with sufficient packaging and protection to ensure they incur no damage during transport and storage. It is the Supplier's responsibility to ensure that the packaging conforms to current regulations and standards in force. The Supplier bears all the consequences of defective, inadequate or unsuitable protection, packing or marking of the Works that are the subject of the Order Form. It will in particular be required to replace Works lost or damaged, at its expense and liability and within the time periods stated by the Purchaser. No later than on delivery of the Works, the Supplier also undertakes to issue the Purchaser with an instruction leaflet in French and to affix the conformity mark (CE) to the Works in question in a legible fashion. All dangerous goods must be carried in accordance with the applicable regulations.

All the documentation accompanying the Works must be accessible without damaging the packaging or the Works themselves.

9.4 Where the Works or products used in such Works have specific conditions of use or have a limited period of validity, the Supplier shall specify in Work's accompanying documents the date of manufacture and the remaining period of validity, before use, counted as from the date of delivery and shall display on the part of the packaging which serves directly to contain, support or protect the product, in an appropriate and indestructible way:

- the provisions to be taken for their use (including storage and transportation) while guaranteeing preservation, which have to be, and
- the use-by date, such that the Purchaser has a validity before use residual period equivalent to at least 75% of the total period of validity as at the date of delivery.

ARTICLE 10 - LATE DELIVERY

10.1 Meeting delivery times is considered an essential clause of the Order Form.

The delivery time limits specified in the Order Form are mandatory. The Supplier shall notify the Purchaser's correspondent designated in the Order Form of any delays, and their causes, at the very earliest opportunity. The Supplier undertakes to use every resource to minimize these delays and inform its designated correspondent of the corrective measures it is implementing or intending to implement. Any late delivery will result in 0.5% of the amount of the delayed Works (VAT excluded) being applied, per calendar day behind schedule.

10.2 If the Supplier's delay becomes incompatible with the Purchaser's program constraints, the latter reserves the right to:

- terminate all or part of the Order Form, at the Supplier's fault, and/or
- source its supplies totally or partially from any other supplier for the Works pertaining to the Order Form, at the Supplier's expense and risk.

The Supplier will grant the Purchaser the intellectual property rights belonging to it which are strictly necessary for sourcing the supplies for or completing the Works.

10.3 The Supplier accepts that after prior notification of the amount of any penalties due, the Purchaser may deduct the amount thereof from the amount due to the Supplier as per the Order Form if, within a period of fifteen (15) days, the Supplier has not challenged in writing the reality of the grievance or has not already paid the Purchaser the amount claimed.

10.4 Works rejected by the Purchaser are deemed to be undelivered.

ARTICLE 11 - WARRANTY

11.1 Without prejudice to the application of legal warranties, the Supplier contractually warrants that the Works:

- comply with the Order Form, its applicable documents and are suitable for their intended use,
- are compliant with best industry practices,
- are free from any defects in design and any product defect.

11.2 The contractual warranty runs with effect from the date of acceptance of the Works for a period of thirty-six (36) months unless provided otherwise in the Order Form.

11.3 The contractual warranty consists either of repairing or replacing the defective Works at the Supplier's cost within the time periods agreed by the Parties and taking the program constraints of the Purchaser into account; or of reimbursing the Purchaser for the cost of the defective Works; and in both cases, of payment by the Supplier of the associated costs. After the Parties have consulted one another, the final choice of which solution to adopt shall rest with the Purchaser.

If the Works comprise several sub-assemblies, the Supplier shall correct all faults and damage that might be caused by such a defect or malfunction to other sub-assemblies of the said Works, at its expense.

11.4 Unless provided otherwise in the Order Form, replacements of or repairs to the Works pursuant to the warranties provided under this article shall be completed with a maximum of forty-five (45) calendar days from the written notice from the Purchaser of the defect or malfunction.

11.5 Implementation of the actions due under the contractual warranty may, as the Purchaser shall choose, be carried out:

- in the premises of the Purchaser by the Supplier and at the Supplier's liability, or
- by the Supplier after the defective Works have been returned to its premises, the transport costs at the Supplier's charge, or
- by the Supplier at the customer of the Purchaser, or
- by the Purchaser or by a third party, invoiced to the Supplier, in the case where the latter has not carried out the actions requested by the Purchaser pursuant to the contractual warranty by the time the period allotted under article 11.4 of the Conditions of Purchase has expired, or
- by any other solution which turns out to be the most appropriate.

ARTICLE 12 - QUALITY, SAFETY AND ENVIRONMENT

12.1 Requirements on “Quality Management Systems”

The Supplier shall be able to provide evidence of the existence and application of a Quality Management System (hereinafter “QMS”) corresponding to the current standard ISO 9001, for as long as contractually or statutorily required.

In addition, for all products classified “FLIGHT or assimilated to FLIGHT” as defined by the Order Form, the Supplier’s QMS shall meet the requirements of the following standard and obtain the corresponding certification:

- EN 9100 (AS 9100, JISQ 9100) “Requirements and Quality systems in design, development, production, installation and servicing”, or
- EN 9120 “Requirements for stockist distributors”.

12.2 Requirements on “Completion of the Works”

The Supplier shall keep an up-to-date list of its suppliers and/or subcontractors, whatever their ranking in the contractual chain, who perform and implement special processes as defined in the standard specified in paragraph 12.1 of the Conditions of Purchase. Prior to any implementation, the Supplier undertakes to notify the Purchaser of:

- any change of definition,
- any significant development in the manufacturing or control process,
- development of any special processes,
- transfer of manufacturing to another site.

The Supplier shall demonstrate and guarantee the same performances and the same level of quality of the Works.

12.3 Requirements on “Identification and Traceability”

Traceability is a requirement. The Supplier therefore undertakes to take all necessary measures to maintain, warrant, preserve and identify traceability of the Works at any level, for as long as contractually or statutorily required.

12.4 Requirement on “Conformity of the Works”

The Supplier shall draw up and implement a procedure ensuring that the Works comply with the requirements of the Order Form. This procedure must also describe the means by which non-compliant Works may be identified and overcome. The Purchaser shall be informed without delay of any non-compliance of the Works.

Without prejudice to the other provisions in these Conditions of Purchase, any non-compliance in the Works will entail reimbursement by the Supplier of a part of the administrative costs connected with the Purchaser opening a file to deal with this non-compliance, in accordance with the following scale of charges:

- Non-conformity identified on delivery at the Purchaser’s premises: 500 euros exclusive of taxes,
- Non-conformity identified at the assemble/incorporation phase at the Purchaser’s premises: 1000 euros exclusive of taxes,
- Non-conformity identified at the premises of the Purchaser’s customer: 7200 euros exclusive of taxes.

The Supplier accepts that the Purchaser deducts this contribution from the amount due to the Supplier pursuant to the Order Form.

12.5 Requirements on “Safety and Environment Management System”

The Supplier shall prove the existence and application of a safety management system (equivalent to OHSAS 18001) and an environmental management system (equivalent to ISO 14001).

12.6 In the event that any certification is suspended, withdrawn, not renewed or invalidated, the Supplier shall inform the Purchaser thereof in writing at the earliest opportunity and provide the necessary supporting evidence. The Purchaser reserves the right to suspend the Works or cancel the Order Form by right, at no compensation for the Supplier.

ARTICLE 13 - REQUESTS FOR DEROGATIONS

13.1 It is an absolute condition that any request for a Derogation made by the Supplier in the course of manufacturing or developing the Works or at the point of acceptance, is made in writing, at the very earliest opportunity, to the Purchaser’s personnel designated on the Order Form. This request for a Derogation must include technical evidence to support the acceptability of the non-compliance referred to by the Supplier as well as the measures implemented to avoid any new non-compliance.

13.2 To be binding on the Purchaser, any request for a Derogation covering all or part of the Works must be accepted by the Purchaser in writing before any implementation. The Supplier will bear all the consequences ensuing from this Derogation. Furthermore, the Purchaser is authorized to renegotiate the price of the Works that are the subject of the Derogation. The contractual delivery time for Works benefiting from a Derogation remains unchanged.

ARTICLE 14 - MODIFICATIONS

14.1 Modifications requested by the Purchaser

The Supplier will implement all the changes requested by the Purchaser in writing. The Supplier shall submit an estimate for each modification to the Purchaser. After the Parties have negotiated and if an agreement is reached, a change notice amending the Order Form in question shall be drawn up in writing to validate the modification. Where applicable, the Purchaser will clarify with the Supplier the model or rank from which the modification shall apply. Any developments such as updating of drawings, technical specifications and/or audits, improvements in manufactures, etc., are not treated as changes and do not give rise to any effect on the prices except if the Supplier can show that these developments upset the economic balance of the Order Form. In the latter case, the Parties undertake to negotiate a price change in good faith and, if agreement is reached, this entails a change notice to the Order Form in question. In case of urgency, the Supplier undertakes to apply the change or, as the case may be, the development on written request from the Purchaser, without waiting for an estimate to be prepared or a change notice to the Order Form to be finalised.

Works involving changes which could not be carried out by the Supplier before delivery remain the Supplier's responsibility.

14.2 Modifications proposed by the Supplier

The changes proposed by the Supplier shall be agreed by the Purchaser in writing beforehand. These modifications are governed by the provisions of article 14.1.

ARTICLE 15 - RISK MANAGEMENT

15.1 The Supplier is responsible for managing risks so it is able to control the technical, program, calendar and financial constraints inherent in the Works throughout the whole period of performance thereof. This risk management shall also cover subcontractors' activities. To this effect, the Supplier undertakes to give all necessary particulars to the Purchaser at all times and at its initiative or at the Purchaser's request. It shall inform the Purchaser of any corrective actions and risk reductions put in place, in order to forestall the consequences of such risks.

15.2 The Supplier shall notify the Purchaser in writing of any event occurring while the Works are being carried out, without forty-eight (48) hours of becoming aware thereof.

15.3 The Supplier undertakes to supply the parts and/or spares connected with the Works, for the period specified by the Purchaser or failing which for as long as they are used by the Purchaser or its customers, in the conditions below. The Supplier shall alert the Purchaser to any foreseeable developments relating to the Works as well as of any halt in manufacture, as soon as it is aware thereof and at the earliest opportunity. In this case, the Supplier undertakes to ensure continuity in supply of the product so long as this is materially possible and to propose an equivalent or replacement product.

If the Works include Industrial Equipment, the Supplier shall be in a position to guarantee a supply of all spare parts, components and other elements necessary for the Works to be used for a minimum period of ten (10) years, from the date of the official acceptance report.

In the case of Order Forms for Works to be staggered over time, the Supplier undertakes to put a continuity contingency plan in place defining measures to be taken to ensure the activity for such Order Forms to be carried out in case any event occurs that might prevent completion thereof.

15.4 At any time after the Supplier has been notified, the Purchaser or any person designated by the Purchaser, including its customers or the official services, have the right to carry out audits (technical quality, etc.) in the premises of the Supplier or of its subcontractors and/or suppliers. For this purpose, the Supplier undertakes to make available to the Purchaser or to the people designated by the Purchaser, the information and resources necessary to carry out this audit, at no additional cost, it being understood that the files pertaining to executing the Works and the production and logistics resources must be kept at the disposal of the Purchaser. Before conducting any audit, the personnel in charge of the audit in question shall, where necessary, sign a personal confidentiality undertaking.

15.5 In the event of an audit carried out by the competent authorities against the Purchaser in relation with the Supplier's Works, the Supplier undertakes to communicate, as soon as possible, any information, document or material requested by the Buyer.

ARTICLE 16 - COMPETITIVENESS

The Supplier shall endeavour to reduce the costs and production cycle of the Works, without prejudice to the quality requirements. It shall also use its best efforts to improve the level of service rendered to the Purchaser. The Supplier informs the Purchaser of areas for improvement for a joint review and assessment of their impact on execution of the Works.

ARTICLE 17 - GOODS ENTRUSTED

17.1 Some Goods Entrusted may be supplied directly to the Supplier by the Purchaser to carry out the Order Form. These Goods Entrusted shall then be treated as being loaned pursuant to articles 1875 et seq. of the Civil Code.

These Goods Entrusted are identified, quantified and preserved in a store reserved for the Purchaser and its customer.

17.2 In regard to the Order Form, Goods Entrusted may also be designed and/or manufactured by the Supplier, in accordance with current legislation in force. The total price shown on the Order Form includes payment for these Goods Entrusted which thereby become the property of the Purchaser or of its customers. The Goods Entrusted are identified and marked as such in accordance with the conditions specified by the Purchaser.

17.3 An inventory of the Goods Entrusted list shall be compiled by the Supplier. It shall be kept up to date and transmitted to the Purchaser upon each change.

17.4 For the Goods Entrusted which it produces or has produced by others, the Supplier provides the Purchaser with the specifications, design drawings and plans and, generally speaking, all particulars relevant to the design, manufacture, implementation and maintenance of the said Goods Entrusted. These documents must be stamped exclusively with the wording below or, failing that, with the wording specified in the Order Form: “This document is the property of ArianeGroup.© - ArianeGroup SAS (date of publication); it may not be communicated to any third parties and/or reproduced without its written authorisation. Its contents may not be disclosed.” These documents must be delivered as soon as they are prepared or no later than on the Goods Entrusted being put into service. The Supplier shall manage the documents to comply with changes in the Goods Entrusted and deliver all such updates to the Purchaser.

17.5 The Supplier is the keeper of and is entirely liable for all the Goods Entrusted that are required to carry out the Order Form. In this capacity, it shall bear all costs arising from the following obligations, unless provided otherwise in the Order Form:

- keeping and maintaining the Goods Entrusted in perfect working condition and state of preservation as well as checking and/or calibrating them periodically according to their type and the standards and requirements which apply thereto,
- replacing any Goods Entrusted that are missing subsequent to their deterioration or loss,
- replacing the Goods Entrusted which present abnormal or excessive wear and tear,
- on expiry of the Order Form and once the warranty period has expired, returning them to the Purchaser on first request within eight days, in perfect working order.

17.6 The Goods Entrusted remain at the Supplier’s disposal in its premises solely for the purpose of carrying out only those Works that are the subject of the Order Form placed by the Purchaser. Any change of location of the Goods Entrusted and/or any use other than that specified in the Order Form shall be subject to the prior written consent of the Purchaser. The Supplier undertakes to store the Goods Entrusted belonging to the Purchaser or to its customers in specific premises and not to dispose of all or part thereof without the prior written agreement of the Purchaser.

17.7 In the event the Supplier has a right of retention over the Goods Entrusted by operation of the law, it hereby expressly renounces this right of retention.

17.8 If modifications or adjustments are needed to be made to the Goods Entrusted by the Purchaser for the Supplier to use them, these may only be done with the written authorisation of the Purchaser who shall define the condition in which the Goods Entrusted thus modified are to be returned to it.

ARTICLE 18 - MANAGEMENT OF RAW MATERIALS - PARTS AND EQUIPMENT

18.1 Raw materials, products, parts and equipment supplied to the Supplier by the Purchaser or by the Purchaser's customer .

The definition of requirements for the Works entrusted to the Supplier is drawn up and kept up to date regularly by the Purchaser. Reject rates shall be fixed and agreed jointly by the Purchaser and the Supplier. However, the Supplier may be asked for evidence of consumptions in support thereof.

The Supplier shall use the raw materials, parts and equipment supplied by the Purchaser for carrying out the Works. The Supplier undertakes not to draw from its own stocks for any raw materials, parts and equipment necessary to carry out the Order Forms. However it may do so exceptionally with the prior written consent of the Purchaser which, in this case, undertakes to replace or pay the Supplier at cost price for the raw materials, parts and equipment used, and the Supplier shall provide a written warranty that the items taken meet the conditions of the Order Form.

The Supplier is bound to inform the Purchaser of all rejects as soon as these occur and to identify them physically.

- In the case where items are rejected as being faulty after delivery to the Supplier, the corresponding replacement is at the charge of the Purchaser, being drawn either from the stocks it holds, or from those held at the Supplier's premises and in the latter case, with the agreement of the Purchaser.
- In the event of rejects caused by the Supplier's negligence and not taken into account in the reject rate defined by the Parties, and unless authorised otherwise by the Purchaser, the rejects must be kept by the Supplier pending a decision by the Purchaser, in such conditions as to avoid any deterioration, confusion or substitution.

The Supplier shall bear the financial burden arising from replacing the rejected items, calculated on the basis of the cost of the procurements plus consignment costs and, as the case may be, plus the cost of any works and time already spent by the Purchaser on the said procurements.

- In all cases, rejects returned to the Purchaser shall be the subject of a special delivery note. Satisfactory parts and rejected parts must not be enclosed in the same consignment.

Where the Supplier loses raw materials, parts and equipment supplied by the Purchaser or its customer, replacing the lost elements is at the Supplier's charge in the financial conditions specified at article 22A) of the Conditions of Purchase.

18.2 Raw materials, products, parts and equipment provided by the Supplier

The raw materials, parts and equipment supplied by the Supplier must meet the conditions of the Order Form (including technical specifications), as well as current standards, directives, laws and regulations in force. The Supplier undertakes to provide the Purchaser and the customers of the Purchaser with raw materials, parts and equipment that contain no products prohibited by law, in any form whatsoever. The Supplier undertakes to give the Purchaser a written confirmation, with a certificate from the relevant authorities if necessary, that the raw materials, parts and equipment contain no products prohibited by law, in any form whatsoever.

18.3 The Supplier undertakes to:

- a) implement all the measures necessary, in establishing its supply chains, so as in particular the following materials and equipment:

- tantalum,
- tin,
- tungsten,
- gold,

do not originate from a country within an area of conflict and high risk, and

- b) provide, when asked, information on the said supply chains.

ARTICLE 19 - FORCE MAJEURE

19.1 The Supplier putting forward an event of force majeure is under an obligation to inform the Purchaser thereof in writing within five (5) working days of its occurrence, describing the event relied on precisely, its foreseeable duration, and disclosing any element relating to this event allowing its impact on the performance of its contractual obligations to be fully assessed.

An event of force majeure suspends the performance of the obligations rendered impossible during the event.

Any case of force majeure which has not been notified in writing within five (5) working days of its occurrence incurs the Supplier's liability.

19.2 The Supplier who puts forward an event of force majeure undertakes to make all provisions to limit the harmful consequences of this event for the Purchaser.

19.3 The Supplier may not rely on its own suppliers or subcontractors delays except where such delays are themselves due to a case of force majeure pursuant to this article.

19.4 Neither Party shall be liable for any compensation or penalty pursuant to this event; the contractual time periods shall be extended for a period corresponding to the period of the event of force majeure.

19.5 If the effects of the event of force majeure last for more than one (1) month, the Purchaser may cancel the Order Form in accordance with article 20.2 of the Conditions of Purchase, unless the Parties agree otherwise after consulting one another.

19.6 During the event of Force Majeure, the Purchaser shall have the right to substitute itself for the Supplier, or to substitute a third party for the Supplier, and to freely make use of design work carried out, tools, procurements, manufactured parts or parts in the course of manufacture under the terms of the Order Form.

ARTICLE 20 - TERMINATION - SETTLING THE ORDER FORM

20.1 Termination for breach of contract

20.1.1 In the event of the inability or refusal on the part of the Supplier to perform all or part of the Order Form or of non-observance of any of the conditions of the Order Form, the Purchaser may terminate all or part of the Order Form at the Supplier's fault, after formal notice given by registered letter with proof of receipt which has had no result within fifteen (15) calendar days or any other period approved by the Parties in writing, without prejudice to any compensation and damages which may be claimed against the Supplier by the Purchaser.

20.1.2 In case termination is made following the Supplier's default, the Purchaser is entitled to substitute itself or a third party for the Supplier to complete all or part of the remaining Works at the Supplier's expense.

The costs which result from placing an Order Form on a third party shall be borne entirely by the Supplier, including the costs for qualifying the substituted third party.

Where the Supplier is replaced in this way, the Supplier undertakes to grant to the Purchaser and/or the substituted third party, all intellectual property rights held by it and any element necessary for the Works to be continued.

20.2 Termination without Default

20.2.1 In the absence of fault by the Supplier and at any time subject to thirty (30) calendar days prior notice, the Purchaser may terminate all or part of this Order Form by registered letter with proof of receipt.

20.2.2 In the event that:

- the Supplier has a certification suspended, withdrawn or not renewed, or
- an export licence pertaining to the Works would be suspended, withdrawn, not renewed or invalidated, even where the event the Supplier has used every care and attention,

The Purchaser may legally terminate all or part of the Order Form by registered letter with proof of receipt, with immediate effect.

20.2.3 In the event of such a termination and except as otherwise stipulated in the Order Form, the Purchaser is under an obligation to pay the Supplier:

- the contractual value of the Works delivered and received, or in the process of being delivered at the date termination is notified,
- at a fair and reasonable price, the Works in process of manufacture and/or tooling serving for the manufacture, except those which the Supplier wishes to retain, by agreement with the Purchaser.

In no case shall the Supplier be paid an amount exceeding the costs incurred for meeting contractual delivery schedules, nor an amount exceeding that which would have been due to it had the Order Form been completed in full.

20.3 Procedures for termination of the Order Form

Upon receipt of notification of termination, the Supplier halts all operations connected with the cancelled Order Form, both in its own workshops and those of its own suppliers and/or subcontractors. The Supplier shall send the Purchaser a report on the progress of the Order Form without delay, accompanied by all documents justifying the expenditure incurred by the Supplier, as at the date of termination and the amount of money already paid by the Purchaser. The Supplier undertakes to return the Goods Entrusted by the Purchaser or its customers and/or procured under the Order Form, to the premises of the Purchaser.

ARTICLE 21 - CIVIL LIABILITY OF SUPPLIER

21.1 Subject to any provisions of articles R. 4511-1 to 4511-4 of the French *Code du travail* that might apply, the Supplier is liable for accidents that might occur to its agents and servants, those of the Purchaser or any other person, connected to or arising from carrying out the Works, and shall bear all consequences thereof.

21.2 The Supplier is liable and shall bear all consequences of all losses and damage connected to or arising from performance of the Works, caused to existing structures or facilities and to property belonging to the Purchaser or to third parties.

21.3 The Supplier is liable for accidents or damage that occur because of the Works by the action of its personnel (or of the equipment that may be provided by the Purchaser), except for wilful misconduct by the Purchaser's personnel or defectiveness in the equipment directly attributable to the Purchaser.

21.4 The Supplier is accountable for the waste it produces up until its complete disposal. The intervention of a third party does not reduce the Supplier's liability. The transport, storage and elimination of such waste and more generally all intermediary operations must comply with the regulations and standards in force, at the Supplier's cost, without further charge being billed to the Purchaser. The Supplier shall comply with the rules and regulations in force on products at the end of their life. The Supplier shall carry out the Order Form to comply with legislative and regulatory provisions and current regulations and standards in force insofar as concerns the environment. As such, it shall take all necessary measures to prevent any environmental accident and/or pollution. The Supplier shall be liable for any pollution which results from the performance of the Order Form.

21.5 The Supplier is solely liable for all the damage caused by its Works, products, sub-assemblies or manufactures and more generally for all consequences for which it may be legally held responsible.

ARTICLE 22 - INSURANCE

The Supplier is bound to take out insurance cover in particular against the following risks:

A) Damage to entrusted goods

a) Damage to Goods Entrusted by the Purchaser or by the Purchaser's customer

The Purchaser relieves the Supplier of all liability over and above € 150,000 per claim for the Goods Entrusted by the Purchaser, except in cases of malicious intent, gross negligence, inexcusable fault or wilful misconduct attributable to the Supplier. It is the responsibility of the Supplier to insure the Goods Entrusted for up to this amount (or for their actual value if this is lower than the above threshold). This insurance shall cover the Goods Entrusted against all insurable risks or damage for their as-new value. However, if the Supplier has cover exceeding the above amount, it undertakes to advise the Purchaser thereof and not to reduce its coverage.

On penalty of losing all rights under this paragraph, the Supplier undertakes to have means for the prevention, protection and fighting fire and explosions in its workshops adapted to its risks, that meet the APSAD regulations (APSAD = Plenary Association of Damage Insurance Companies).

For all lifting or handling equipment, pallet trucks, self-propelling trolleys, forklift trucks etc, placed at the disposal of the Supplier by the Purchaser and for any vehicle lent by the Purchaser, the Supplier shall first take out insurance covering its public liability in accordance with the French law n° 85-677 dated 5th of July 1985 and the French *Code des assurances* (article L211-1 and seq.), and second, shall remain liable for the damage caused to the equipment/vehicles.

b) Damage to goods entrusted by the Supplier

The Supplier and its insurers declare that they waive any claim which they may be entitled to bring against the Purchaser and its insurers following any incident that might affect the Goods Entrusted by the Supplier, regardless of the nature and origin of the damage, in identical conditions to those granted by the Purchaser.

B) Professional Public Liability for Work at the Purchaser's premises

The Supplier shall provide evidence of having taken out and effectively paid the premiums of public liability insurance covering direct and indirect loss and damage caused to the Purchaser due to the presence of the Supplier's agents and employees within the Purchaser's premises. Such insurance shall provide for cover of at least € 1,000,000 per claim in the event of damage to property and other assets and consequential damage; above the said sum the Purchaser's insurers will not exercise any recourse against the Supplier. Any malicious act, gross negligence or wilful misconduct shall deprive the Supplier of the benefit of the waiver described above. If the Supplier has cover in excess of € 1,000,000, it undertakes to advise the Purchaser thereof and not to reduce its coverage.

The Supplier and its insurers declare that they waive any claim they might be entitled to make against the Purchaser and its insurers pursuant to damage involving the latter's public/civil liability in conditions identical to those granted by the Purchaser.

C) Public/Civil Liability and/or post-delivery Product Liability

The Supplier undertakes to guarantee its liability for all direct or consequential damage, property damage, non-pecuniary damage and personal injury caused by its Works, products, sub-assemblies or manufactures and more generally for all consequences for which it may be held legally responsible. Such insurance shall provide for cover equivalent to € 10,000,000 at least.

D) Miscellaneous provisions

The Supplier shall send the Purchaser all insurance certificates corresponding to all the policies taken out and shall provide evidence of payment of the premiums each year.

These certificates shall state the amount of cover and designate the Purchaser as the direct beneficiary of the compensation in case of loss or damage to its property, without the ability to deduct the said compensation from the amount of excess (deductible) applying to the Supplier.

No excess (deductible) borne by the Supplier may be charged against the Purchaser.

The Supplier is under the obligation to report any incident to the Purchaser within twenty-four (24) hours of its occurrence, it being specified that should the Supplier's insurer disqualify the latter for any reason, the Supplier shall be liable for the whole of the burden of the claim.

The Supplier undertakes to obtain from his insurers their complete adherence to the above-mentioned provisions.

ARTICLE 23 - INTELLECTUAL PROPERTY

23.1 Background Rights

Each Party shall retain the ownership of its background intellectual property rights, generated or acquired independently and/or prior to the date of signature of the Order Form, subject to any rights of third parties (hereinafter “**Background Rights**”). The Supplier grants the Purchaser a right to use, reproduce, represent, adapt, modify and translate over its Background Rights that are necessary to implement the Results. The price of this assignment is included in the price of the Order Form as a lump-sum.

23.2 Ownership of the Results

The Purchaser acquires the full and exclusive ownership of the Results generated during the performance of the Works by the Supplier according to the following provisions.

23.2.1 Author's Rights

The Supplier hereby grants to the Purchaser as and when payments are made under the Order Form, all the copyright and intellectual property rights over the Results (including software and databases) for the whole period of legal protection of the intellectual property rights worldwide. This price of this assignment is included in the price of the Order Form.

In this capacity, the Purchaser acquires the rights to use, reproduce, represent, adapt, modify, translate, distribute, work on commercial grounds, without limitation, over all or part of the Results on any medium whatsoever, for the period of legal protection of the intellectual property rights worldwide. It may also assign or sub-licence all or part of these rights to a third party.

23.2.2 Industrial property

In the case where the Works lead to Results eligible for industrial protection, only the Purchaser is entitled to file an application for an industrial property title over the said Results, in its name, for its account and at its expenses. In this respect, the Supplier undertakes not to file any application for an industrial property title over the Results. To this effect, the Supplier undertakes that each of its servants, agents and/or employees cited as inventor shall carry out all the formalities necessary to enable the industrial property title to be lodged in accordance with the terms and conditions defined in this article.

23.2.3 Trademark

The Purchaser is the sole owner of all trademarks, names, signs, logos, colours, graphics or any other signs which may be generated in performance of the Order Form, whether their creation is intentional or not.

23.3 Infringement

The Supplier warrants peaceful enjoyment of the intellectual property rights transferred to the Purchaser pursuant to the Order Form, and in particular agrees to hold the Purchaser harmless against all third party claims on grounds of intellectual property over the Works it delivers, and shall be liable for all consequences and financial claims that the Purchaser might suffer as a result. In addition, the Supplier shall at his own expense, either (1) obtain the right to continue to use the Results of the Works, (2) replace or modify the Works so that they no longer constitute an infringement while ensuring they still retain the functions initially specified by the Purchaser, or (3) if the above is difficult to achieve, take back the Works and replace them with equivalent works defined by the Supplier in agreement with the Purchaser, without prejudice for the Purchaser to make a claim for damages.

23.4 All the stipulations in this article 23 shall be flow-downed by the Supplier to its co-contractors, subcontractors and/or suppliers.

ARTICLE 24 - CONFIDENTIALITY

24.1 Any and all Information is treated as strictly confidential without it being necessary for the Purchaser to specify or state the same. In order to ensure Information is secure, the Supplier shall take all precautions necessary for its protection.

24.2 The Information remains the property of the Purchaser which formally prohibits use thereof for purposes other than the performance of the Order Form, unless with the prior written authorisation of the Purchaser. The disclosure of Information by the Purchaser shall not be interpreted as granting any right, even implicit, on the Supplier over this Information.

24.3 With effect from the entry into effect of the Order Form and for a further period of ten (10) years from normal expiry or early termination thereof, the Supplier undertakes to maintain the confidentiality of the Information and accordingly:

- to use the Information solely for the requirements of carrying out the Works,
- not to disclose it to a third party other than those identified in the paragraph hereafter in any manner whatsoever, directly or indirectly,
- not to disclose the Information it has received from the Purchaser except to those members of its personnel and/or of its suppliers' and subcontractors' personnel authorised by the Purchaser who have a need to know

in order to carry out the Works that are subject of the Order Form. The Supplier shall clearly inform its employees, subcontractors and suppliers of the confidential nature of the Information and shall ensure that they undertake to respect said confidentiality in accordance with the provisions of this article. The Supplier warrants to be answerable to the Purchaser for ensuring that the members of its personnel and those of its suppliers and subcontractors, comply with the confidentiality of the Information.

24.4 In the event that Information disclosed by the Purchaser is the property of a third party, the most restrictive confidentiality requirements which this third party were to impose over its Information will be flow-downed to the Supplier.

24.5 On the expiry of the Order Form for any reason whatsoever, the Supplier undertakes to return all the Information to the Purchaser without delay or to destroy all or part thereof with the prior authorisation of the Purchaser and not to retain any copy of the said Information.

24.6 The Supplier undertakes not to advertise or publicise the Works that are the subject of the Order Form or make reference to the activity of the Purchaser.

24.7 The Copyright disclaimer affixed by the Supplier on its documents does not prevent the Purchaser exercising the rights granted to it under the Order Form. The Supplier shall not label the deliverables arising from the Works as being confidential.

ARTICLE 25 - SPECIFIC RULES ON EXPORT AND/OR IMPORT

25.1 The Supplier undertakes to comply with the laws and regulations applicable on export and import controls (hereinafter the “Export Regulations”) that might apply to the Works (including its component parts), as well as to any software, information and products which the Parties might deliver to one another within the framework of the Order Form.

25.2 At all events, the Supplier states that it has identified and given the Purchaser notice of all the components of its Works which are subject to Export Regulations, as at the date of signature of the Order Form. The Supplier undertakes to inform the Purchaser of the export control classification of the Works and undertakes to notify it promptly of any change in status or classification of these Works or their components or of the Export Regulations which apply thereto. The Supplier undertakes to give the Purchaser every assistance required to enable it to achieve compliance following such changes and to fulfil any related obligations with the administrations concerned.

25.3 The Supplier is liable for obtaining on time and at no additional costs to the Purchaser all formal approvals, licenses and authorizations required for export, delivery and use of the Work by the Purchaser and/or its subcontractors and co-contractors and their delivery to its customer/end-user as specified in the Purchase Order and their use by said customer/end-user (hereinafter “Export Authorization”).

The Supplier undertakes to:

- immediately notify the Purchaser of the issuance of the Export Authorization by the competent government authorities, or the existence of an exemption;
- provide the Purchaser with a copy of the said Export Authorisation with any provisions and conditions associated with this Export Authorisation or a certificate describing in particular the restrictions applicable to re-export or retransfer, by the Purchaser, from all or part of the Works to a third party.
- put in place all necessary measures to avoid the transfer, by any means whatsoever, of information provided by the Purchaser and identified as being subject to the Export Rules, to any person not authorised to access such information and to seek the consent of the Purchaser before the transfer for any instructions. The Supplier shall ensure that the Buyer’s requirements for Export Control are met by its Sub-Contractors at each contractual level.
- clearly indicate on delivery orders, invoices, and each of the controlled plans and documents (electronic or hard copy) and on each delivery the classification number of Export Rules as well as the reference of the Export Authorization applicable to the delivery.

25.4 It is understood that the ability of the Supplier to deliver the Works and associated services to the Purchaser together with all the Export Licences required, constitutes an essential obligation for the Supplier.

Under these conditions, the Buyer undertakes to provide, upon request of the Supplier, the information and end-use declarations necessary for the examination and the granting of the export authorisations.

25.5 In the event that agreements (technical assistance agreement, manufacturing licence agreement or other) or application form for Non-Transfer and Use Certificates (“DSP”) are requested by the American authorities, the Supplier undertakes to submit them for validation to the Buyer.

No Agreement may be terminated without the prior approval of the Purchaser. The Supplier shall provide the Purchaser with a prior notification of sixty (60) days period of time before the expiration of any approval.

25.6 In the event that, despite all due diligence, the Supplier is unable to obtain the Export Authorisations, the Supplier undertakes, at no additional cost to the Purchaser and within a delay compatible with the Purchaser's obligations under its upstream contract, to replace the components or technologies integrated in the Work, with the prior written consent of the Buyer, without altering the characteristics defined in the Purchase Order.

In the event that an export licence is refused, suspended, withdrawn, not renewed or invalidated, including where the Supplier has performed all due diligence required, the Supplier must, without delay, inform the Buyer in writing, providing the necessary justifications, and the Buyer reserves the right, without compensation for the Supplier, to suspend the performance of the Work or to terminate the Purchase Order.

In the event that an import authorization required for the importation of the Work by the Purchaser is refused, suspended, withdrawn, not renewed or invalidated, including where the Supplier has performed all due diligence required, the Purchaser shall, without delay, inform the Supplier in writing, providing the necessary justifications, and the Supplier reserves the right, to suspend the performance of the Works or to terminate the Purchase Order as of right. In such a case, however, the Supplier shall reimburse the Buyer for any sum paid.

25.7 The Supplier undertakes to cooperate with the Purchaser in case of action or proceedings by the relevant authorities in regard to export controls. At all events, the Supplier shall be liable for all harmful consequences arising for the Purchaser from the Supplier's failure to fulfil its commitments under this article.

In the event of a breach of applicable export control laws and regulations due to a default of the Supplier, the penalties and related costs incurred by the Buyer will be passed on to the Buyer.

ARTICLE 26 - COMPLIANCE WITH EMPLOYMENT LAW

26.1 The Supplier undertakes to comply with the legal and regulatory obligations in force in the country in which the Works are to be carried out, in particular the provisions of the French *Code du travail* to on moonlighting and the hiring of foreign labour.

26.2 With effect from acceptance of the order and thereafter every six (6) months throughout performance, the Supplier undertakes to provide the Purchaser with all the documents referred to in articles D 8222-5, D 8222-7, D 8222-8, D 8254-2 and D 8254-3 of the French *Code du travail*. The documents shall be addressed to the Purchaser's correspondent designated in the Order Form.

26.3 The Supplier undertakes to comply with the legal and regulatory provisions relating to the protection of the workforce, health and safety and working conditions. In addition, where performance of the Works requires it to intervene on an the Purchaser site, the Supplier undertakes to comply with the Purchaser's rules on health and safety.

26.4 The work equipment (as defined in article R 4311-4 of the French *Code du travail*) supplied within the framework of the Order Form must comply with the legal provisions in force.

ARTICLE 27 - ETHICS AND SOCIAL RESPONSIBILITY – PERSONAL DATA PROTECTION

27.1 The Supplier acknowledges having read and understood the Ethical Charter of the Buyer's Suppliers, published on its website. The Supplier undertakes to comply with all the provisions in force on the date of signature of the Purchase Order and, as such, to put in place in each country where it operates, at the latest on the date of signature of the Purchase Order, measures for itself, its staff, its subcontractors and its suppliers to comply with the applicable rules concerning, economic sanctions, fight against corruption, anti-competitive practices, respect and protection of persons, protection of personal data and protection of the environment.

Compliance with these provisions constitutes an essential obligation of the Supplier and is a criteria for its selection.

The Buyer reserves the right to carry out any useful verification, including audits, to verify compliance with this article by the Supplier. Failing to provide the necessary justifications or in the event of non-compliance with these obligations, the Buyer reserves the right, without compensation for the Supplier, to suspend the performance of the Work or to take any appropriate action.

27.2 In compliance with legal and regulatory obligations, the Parties undertake to process the personal data that they may receive, or be given access to in the frame of the execution of the Order Form, as confidential, and commit not to disclose or communicate them to any third party. The Parties undertake to take all useful and necessary precautions to preserve the security of the above mentioned personal data in particular so as to prevent them from being deformed, damaged or transmitted to any unauthorized persons.

In any case, the personal data that a Party may receive, or be given access to in the frame of the execution of the Order Form cannot be disclosed to any third party outside of the European Union without prior written authorization from the disclosing Party.

ARTICLE 28 - CORRESPONDENCE

All correspondence of a contractual nature must be sent to the Purchasing Department of the Purchaser, whose representative is designated on the Order Form. Invoices and assimilated documents (in particular provisions, deposits, credit notes) along with the notifications of article 30 of the Conditions of Purchase shall be addressed to the Purchaser's accounts department specified on the Order Form.

ARTICLE 29 - ASSIGNMENT AND TRANSFER - MODIFICATIONS IN SUPPLIER'S LEGAL SITUATION

30.1 The Order Form placed on the Supplier being "*intuitu personae*" i.e. placed in consideration of the quality of the Supplier, performance thereof and the rights and obligations pertaining thereto may not be transferred and/or assigned in whole or in part by the Supplier, except with the prior written agreement of the Purchaser. The Supplier undertakes to notify the Purchaser of any modification of its share capital and/or any change in its direct or indirect control (as defined in article L233-3 of the French *Code de commerce*) before such modification/change becomes effective. In the event of such modification/change, the Purchaser may terminate the Order Form, at no fault of the Supplier, in the conditions of article 20.2 of the Conditions of Purchase.

30.2 The Supplier undertakes to inform the Purchaser by registered letter with acknowledgement of receipt of:

- any alert issued by the auditors, employee representatives, shareholders or partners or, as the case may be, "*groupement de prévention agréé*", relating to the Supplier's situation,
- any request filed by the Supplier to open proceedings for safeguard procedure, voluntary liquidation or an application for the appoint of a temporary or *ad hoc* administrator,
- the filing of any declaration of cessation of payment.

ARTICLE 30 - WAIVER

Failure by the Purchaser or the Supplier to exercise any right under these Conditions of Purchase shall not be treated as a waiver of any such right for the future.

ARTICLE 31 - SEVERABILITY

The invalidity of any one of the provisions of these Conditions of Purchase shall not affect the validity of any other provision and the Parties agree to negotiate in good faith the modification of the provision so invalidated, in order to obtain another provision having substantially the same effect.

ARTICLE 32 - LANGUAGES

In the event of conflict between the French-language version of these Conditions of Purchase and any other versions in a foreign language, the French-language version shall prevail.

ARTICLE 33 - GOVERNING LAW AND SETTLEMENT OF DISPUTES

These Conditions of Purchase, the Order Form and the relations between the Parties are governed by French law, and exclude the application of the Convention of Vienna on the International Sale of Goods.

In case of any dispute relating to these Conditions of Purchase and/or the Order Forms and their continued effects, the Parties will use their best efforts to resolve their dispute amicably.

Any dispute which the Purchaser and the Supplier, having its registered corporate seat inside the European Union, are unable to resolve failing an amicable agreement within one (1) month from notification thereof, shall be subject to the competence of the courts within the jurisdiction of the Versailles Court of Appeal, notwithstanding multiple defendants or actions to enforce a third-party guarantee.

Any dispute which the Purchaser and the Supplier having its registered corporate seat outside the European Union are unable to resolve failing an amicable agreement within one (1) month from notification thereof, shall be finally

settled through arbitration under the Rules of Arbitration of the International Chamber of Commerce by one or more arbitrators appointed in accordance with the said Rules, notwithstanding multiple defendants or actions to enforce a third-party guarantee.
